# *Giving an Edge in Academic Programs:*

## ENDOWED CHAIRS AND FACULTY DEVELOPMENT

Endowed chairs provide a dependable source of income for academic program support while creating permanent legacies for some of Davis & Elkins College's most distinguished professors. The Faculty Development Fund will support professional development activities that are critical for faculty members to stay current in their discipline and inspired to seek new levels in their teaching and scholarly activities.

Davis & Elkins began the campaign with significant funds given toward The Thomas Richard Ross Chair in History and the Humanities, The S. Benton Talbot Chair in the Natural Sciences, and The McDonnell Chair in Business and Economics in honor of Gloria M. Payne. The Centennial Campaign has sought to raise each of these chairs to \$1 million and to endow the Faculty Development Fund at \$300,000 by raising a total of \$2.3 million in new funds for academic program support. More than \$1.1 million has been raised toward these goals thus far. The addition of the Claire Fiorentino Chair in Theatre brings the total raised toward academic program support to \$2.1 million.

*Dr. Gloria M. Payne*

The James S. McDonnell Foundation Chair in Business and Economics honors Dr. Gloria M. Payne, who recently celebrated her 60th Anniversary on the faculty of Davis & Elkins College. The McDonnell/Payne Chair will help ensure that the Department of Business and Economics, one of the College's largest and most diverse departments, has the resources it needs to continue serving students with the creativity, vitality, and personalized attention that have been hallmarks of Dr. Payne's remarkable career. More than \$362,000 was raised for the McDonnell/Payne Chair during the Centennial Campaign; an additional \$238,000 is needed to bring the chair to \$1 million.

*Dr. Thomas Richard Ross*

The Thomas Richard Ross Chair in History and the Humanities honors one of Davis & Elkins College's most distinguished professors. Dr. Ross has held many positions at Davis & Elkins College—Professor and Chair of the Department of History and Political Science, Dean of the Faculty, College Historian, and, since his retirement, Trustee Advisor. The Ross Chair will help ensure that Dr. Ross's legacy of scholarship and challenging mentorship lives on among professors in history and the humanities. Nearly \$411,000 was raised for the Ross Chair during the Centennial Campaign; an additional \$189,000 is needed to bring the chair to \$1 million.

*Dr. S. Benton Talbot*

The S. Benton Talbot Chair in the Natural Sciences honors a pioneer of academic excellence and leadership at Davis & Elkins College. Dr. Talbot set the standard early in the College's history, serving as Dean of the Faculty and establishing premier programs in biology and pre-medicine. Although there have been many changes in academic programs since Dr. Talbot's day, his commitment to academic excellence and mentoring the whole person lives on in today's faculty as well. The Talbot Chair will provide vital resources for thriving programs in biology, chemistry, physics, and environmental science. Nearly \$300,000 was raised for the Talbot Chair during the Centennial Campaign; an additional \$500,000 is needed to bring the chair to \$1 million.

*Claire Deiss Fiorentino*

The Claire Deiss Fiorentino Chair in Theatre honors a professor who was recognized throughout West Virginia for the quality of her theatrical productions and pageants. Professor Fiorentino, who taught at Davis & Elkins College from 1944 until her retirement in 1974, was also active with the Mountain State Forest Festival, directing a pageant in honor of President Franklin D. Roosevelt's visit to the Festival in 1936 and remaining active for many years as the director of the Festival's children's pageant and other community productions. The chair will provide a permanently endowed professorship in theatre arts as well as an endowed theatre enrichment fund. It is funded by Professor Fiorentino's son, Antony E. "Tony" Fiorentino.
