Annual Budget Support

grounds library

technology

Annual support during the Centennial Campaign has provided the financial lifeblood of Davis & Elkins College. Unrestricted gifts to the Annual Fund go where they are needed most and provide innovations in D&E classrooms; programs in athletics; campus ministry and career planning; financial aid; lab equipment; computer technology upgrades; library acquisitions; and the resources to attract superior faculty in a competitive marketplace. During the Centennial Campaign, the College sought to raise \$500,000 per year, or a total of \$2.5 million, for the Annual Fund. More than \$3,127,000 was raised, exceeding the original goal by more than \$600,000. That robust support for the Annual Fund, even as donors were being asked to support ambitious capital and endowment projects, is evidence of the loyalty and support that has sustained Davis & Elkins College over the years.

Annual Fund dollars provide library support in the form of new acquisitions and ongoing subscriptions. In addition to its numerous printed volumes, the Booth Library's online subscriptions give students access to the finest research libraries in the world.

A contribution to the Annual Fund helps support the various student activities on the D&E campus, from Greek Life to service organizations to academic groups.

Supporting the Annual Fund helps keep the D&E campus beautiful. The buildings, grounds, roads and walkways all benefit from Annual Fund gifts and make D&E one of the most beautiful and distinctive campuses in the Mid Atlantic States.

Advances in technology occur at an astounding rate, and students must have access to the learning tools and equipment that will prepare them for future careers. The generous support of donors to the Annual Fund helps today's D&E students stay up to date with technology that is essential for their future.

The Annual Fund provides student support in a number of areas, including scholarships. Donors help ensure that deserving students are able to achieve their dreams of receiving a quality liberal arts education.

Finally, the Annual Fund also helps support Senator Athletics programs. Facilities, equipment and travel are just some of the needs that gifts to the fund throughout the Centennial Campaign have helped provide.
